## *Chrome Z-Bar Engine Guard*

PN 10122

Same product as our black powder-coated Z-Bar Engine Guard, only finished in lustrous chrome plating. Type 4130 steel fully machined studs are pressed into 120" wall DOM tubing 3/4", then TIG welded in place. Dramatic Z configuration adds style and beauty to your ride while adding a stronger protective guard. Gone is the droopy "D" factory design - replaced by crisp styling. Dress-up your bike with this handsome and practical accessory. Polished surfaces prior to chrome plating lasts and lasts.
