Side Car Fender Rack Cutting Board

PN 10133

Now here's a practical idea for travelers! Urals have plenty of room to pack food items along on day trips. But if you're going to make up a fresh sandwich along the way wouldn't it be nice to have a cutting board handy? Our Kurt Thomas Original solid wood cutting board fastens to the standard sidecar package rack and gives you a working surface with which to cut ingredients of a delicious fresh sandwich while avoiding putting nasty slice marks on your sidecar nose. Besides - it's another fun accessory from Raceway to dress up your ride! Wine and cheese anyone?
