Emergency Trouble Light

PN 10136

Every Ural trunk needs one! Plug in to your sidecar accessory outlet, reel out enough cord to get to what you're looking at, flip on the light for needed illumination. Beats matches, cigarette lighters and light sticks to see well when making roadside repairs or find that missing object in the black interior of your trunk. Auto-rewind cord. Has magnetic base so you can quickly park it on any convenient metal surface! Bright yellow safety color, shatterproof plastic body.
