Quick Disconnect Couplers

P/N RW900148 A

White nylon / stainless steel construction fuel line disconnect couplers. Eliminate fire hazard and mess when it's time to pull the gas tank. No need to drain the tank first (except for the original install of the coupler) Simply press the disconnect tab and the cross over gas line is a non leaking two piece line. Supplied with 1' of EPO-NBR black rubber line which is Gasahol **and** MTBE additive resistant. Once installed, pulling the tank is less than a three minute job and NO fire hazard! Supplied with 4 Helix hose clamps.
