## *Reverse Shift Kit*

*P/N 930104 DA*

Our most popular hand shift kit since 1999! Allows shifting into reverse via hand lever alongside gas tank. Works great as a neutral finder too! Manufactured from machined and welded steel components, rolled thread bright zinc plated drag link tipped with spherical rod ends. Gloss black powder coat paint finish. Stainless steel hardware std. Equipped with modified reverse shift arm at transmission. Shift arm cross shaft rides in replaceable bronze Oilite bushings. Thermoplast shift ball threaded internally with metal insert. Cycling reverse lever allows lever to select neutral from 1st or 2nd gear positions, Instructions included.
