*Clutch Compressor Tool*

You'll need this tool to compress the Ural clutch plate and spring assembly. All steel construction, features hex drive compressor screw, oversized screw shaft diameter, free rotating clutch center driver. Fits 650 and 750 Ural clutch - also Dnpir clutch. Long screw receiver prevents thread pull up. Fine thread pattern supports higher torque loads. Manufactured from all steel components, Black powder coated finish.

***If you work on Ural's - you need this tool!***
