

Ural Accessories

Key Shield

P/N RW 900196 A

Ural owners soon discover their keys and key chain do a ugly number on the LH fork cover - scratching the paint off as they swing in a partial arc back and forth across the painted surface. Damn - but that ruins a good looking paint job! So here is one solution for the problem - our metal guard fits around the fork cover - held in place by 3M body side adhesive. Simply pull the tape masking and smooth in place - job's done!

Be Happy - Stop Scratching !
