Rock Guard For Sidecar Tub

P/N RW 900193 A

Rock chips in your paint are not attractive! Why spoil the visible underside of your sidecar nose with flying missile tattoos? Fit up our polished diamond plate rock guard - looks good, stops the unwanted paint damage. Very easy to install - use the same mounting bolts as your sidecar bumper (don't have a bumper yet? - see our bumper section in the accessory catalog). Re polish anytime with aluminum polish. (shown with rear valance panel - not included).

Don't Get Chipped !
