## *Z Bar Engine Guard*

*P/N RW905110 C*

*Replace your droopy D engine guard with our smart and strong Z Bar guards. Manufactured from .120" wall electro weld steel tubing - mandrel formed into a dramatic shape that looks more "Correct" than the factory piece. Special CNC machined studs turned from 4130 Chrome Moly stock. Non threaded end of mounting studs press fit into tubing to a depth of 3/4" - then TIG welded to the tubing. Mandrel bends avoid swaging & distortion for extra strength Black powder coat finish. Supplied with mounting studs and lock washers Much stronger than the factory part !*

*Protect Your Assets -Use The Z-Bar !*
