Continental Kit

P/N RW 900101 A

Well now! Have you ever seen one of these antic beauties before? Our fiberglass Continental kit is a first! Covers your spare wheel / tire. Keeps the sun from rotting your rubber, eliminates rain and dust falling on your wheel assembly. Beauty trim in chrome circles the cover, legend "Yesteryears Rides" circles the top of the cover, Ural logo graces the top side.. "Extreme" emblem affixed to the front view side. Fiberglass work without peer (this is **not** a chopper gun lay-up) ! Foam rubber "bumpers" on the inside to arrest tilting motions. Can be painted to match your bike color (at extra charge of course). Can be supplied without trim,
